BANKERS CONVE NE IN [IX]N TODAY

150 FINANCIERS SPEND DELIGHT
FUL DAY IN DIXON AND UP
RIVER

PICNIC DINNER AT LOWELL PARK

Business Meeting and Election of Of-
ficers At Elks Club—Later Taken
by Boat and Auto to City Park Up
the River—Dinner, Speeches and
Recreation.

One hundred and fifty bankers of
Group Three of the Illinois Bankers'
association were guests of the bank-
ers of Lee county at their annual
meeting in this city today, and with
fair weather and perfect arrange-
ments, the day is a memorable one
for all.

Early this morning, when trains
brought financiers from all direc-
tions and automobiles brought a con-
tingent of the Rockford bankers to
Dixon, the success of the meeting
was assured, and at 11 o'clock, when
the first meeting was called to order
by Chairman D. C. Durkes, over one
hundred and a half of the bankers
had registered.

The morning session was held at
the Elks' club, where Mayor W. B.
Brinton welcomed the visitors to the
city in a neat little speech. Follow-
ing the response by W. O. Wright of
Freeport, the business matters of the
association were taken up.

After the business meeting had
been wound up, the bankers were
conveyed by auto and boat to Lowell
park, and here the members of the
association enjoyed a good dinner
and spent a delightful afternoon.

The visitors were enraptured by
the beautiful scenery along the Rock
and on every side they gave forcible
expression to their views in regard
to Dixon's treasure of a park, Low-
ell.

The addresses this afternoon were
of especial merit and pleased the
guests in every particular. The sub-
ject, "National Reserve Association"
and that of "Road Problems in Illi-
nois, were of especial interest to the
bankers and were well discussed by
Hon. Robert W. Bonyngne and S. E.
Brandt respectively.

SUNDAY SCHOOL CON- VENTION TONIGHT

DELEGATES FROM THE SUNDAY
SCHOOLS IN LEE COUNTY WILL
ASSEMBLE IN EVANGELICAL
CHURCH—ATTENDANCE WILL
BE LARGE.

The annual convention of the Lee
County Sunday School association
will be held here this evening and in-
dications are that the Evangelical
church, where the sessions will be
held, will be crowded, as the pro-
gram is a very interesting one. A
large number of Sunday school work-
ers have arrived during the day, to
spend the afternoon shopping here,
and to attend the sessions this even-
ing.

MANY HORSES ARE DYING.

Horses in the vicinity of Morrison
are afflicted with a disease known as
influenza. The disease made its ap-
pearance in that section a couple of
weeks ago and since then many ani-
mals have died. One of the local ren-
dering works received ten dead
horses in the last three weeks.

OBJECTORS TO DRAINAGE AND RAILROAD TAX

Late this afternoon objectors were
still having their hearing in the tax
cases in the county court, and the
indications are that no decisions will
be reached by the court today. There
are several objectors from Harmon
drainage district No. 1 who are ob-
jecting to the drainage tax levied
there, and the C. B. & Q. Railroad
company is objecting to road and
bridge taxes in Amboy and East
Grove, and to the county tax.

Mrs. Wolf and daughter were here
from Harmon today shopping.

COL. CECIL LYON.

Colonel Lyon, probable chairman of
the Texas delegation, is a warm sup-
porter of Colonel Roosevelt and is on
the ground to assist in the fight over
contested delegations.

CUPS ON FOUNTAIN NOT AS SPECIFIED

W. C. T. U. LADIES ORDERED A
FOUNTAIN WITH RUNNING
WATER—CHANGE WILL BE
MADE—WILL DEDICATE FOUN-
TAIN.

As the result of an investigation
conducted last evening by members of
the W. C. T. U., the cups on the sani-
tary fountain which that organiza-
tion has presented to the city and
which has been erected in front of
the City National bank, will be
changed. The cups which were sen
with the fountain were provided with
cutoffs, which makes it necessary for
the user to first turn on the water.

Thus the first requirement of sani-
tary fountains, that the water be al-
ways running, was not met, and ac-
cordingly the ladies have decided to
have the cups replaced with ones in
which the water is always flowing.

In the interim the springs will be
taken out of the present cups and
they will be used until the new ones
arrive. The plumbing will probably
be completed today, in which case
the members of the W. C. T. U. will
arrange for special exercises to ac-
company the turning on of the water.

FINDS SUITCASE.

Andrew Dales of Amboy, while
driving to Dixon today in an auto,
found a telescope in the road. The
grip contained articles of value and
the owner can have same by applying
to the Dixon police station at the city
and identifying property.

PARTICULARLY FINE LUMBER.

Some of the finest timber that has
been seen in Dixon for some time
was delivered to Contractor Elmer
Uhl for the Loftus & O'Connell build-
ing this morning by the Home lum-
ber yard. The timbers are 3x12, 22
feet long and are remarkably clean
yellow pine. But very few knots can
be found in the entire consignment,
a remarkable thing considering the
size of the planks.

MRS. MARKS IMPROVING.

A letter received by Phil Marks
from his daughter, Miss Rachael,
who is with her mother in the Ger-
man hospital in Chicago, states that
Mrs. Marks is slowly improving.

MRS. CATON IS BETTER.

Mrs. E. S. Caton, who is very ill
at the Dixon public hospital, is re-
ported to be improving. Friends de-
siring to inquire about her health
and members of the Stars of Equity
and the W. R. C. desiring to inquire
about her health are requested to
call Mrs. Geo. Hefley by telephone.

LICENSED TO WED

A marriage license was issued to-
day to George Slotower and Miss
Bertha Haas, both of Dixon.

STEAM ROLLER MAKES FIRST TRIP

DOZEN CONTESTED DELEGATES
WHO FAVORED ROOSEVELT
WERE FLATTENED OUT.

Chicago, June 7.—Special to Tele-
graph—The steam roller, with Presi-
dent Taft as chauffeur, made its first
trip in Chicago today with disastrous
results to the Roosevelt forces. A
dozen contesting delegates, each with
half a vote, who favored the nomina-
tion of Theodore Roosevelt, were flat-
tened out.

Senator Porah was unceremoni-
ously bumped out of the way.

The six delegates at large from
Alabama who favor Taft, were seat-
ed today and also the second Ala-
bama district delegation, Taft men,
were placed.

PEERLESS LEADER PRAISES MILLER

MANAGER CHANCE SAYS "OLD
MAN GRUMP" CAN EASILY
HOLD POSITION IF HE KEEPS
GAIT UP.

According to R. W. Lardner, the
Chicago Examiner's baseball expert,
who is accompanying the Cubs on
their eastern trip, Chance is well
pleased with the work being done by
Ward Miller of this city and, as long
as he continues working as well as
he has on this trip, he will be kept in
the game steadily. This morning's Ex-
aminer says:

The Peerless Leader said there
would be no change in the present
lineup if the Cubs didn't lose too
many games to left-handed pitchers.
He will substitute Tommy Leach for
Ward Miller if the latter slumps, but
Old Man Grump is going so well that
Chance is unwilling to bench him.

Chance praises Miller.
"Miller's a better ball player than
I thought he was," said the boss.
"He's just beginning to throw the
way I want to see him throw. He's
hitting all kinds of pitching and he's
on the bases practically all the time,
so how can I take him out? Leach
will get a chance as soon as one of
the others falls down. Sheekard is
going fine and Schulte, although he
isn't hitting up to his best mark, is
so dangerous that all of the pitchers
are afraid of him."

MANY AT N. D. H. S. GRADUATION

PRESBYTERIAN CHURCH BARE-
LY HELD CROWD THAT CAME
TO SEE GRADUATES—ADDRESS
WAS GOOD.

The Presbyterian church was
crowded to capacity last evening
with friends of the graduates of the
North Dixon high school, and the ex-
ercises were of especial merit. The
church was prettily decorated for
the affair and the graduates appear-
ed at their best. The music was fur-
nished by the Imperial quartet of Chi-
cago, who gave a varied program of
exceptional merit, while the address
on "The Man Who Cared," by Prof.
Frank L. Miller of the University of
Chicago, was a worthy effort in every
particular.

FORRESTON GAME IS HARDEST YET

BALL PLAYERS FROM NORTH
ARE STRONGEST THE BROWNS
HAVE PLAYED THIS SEASON.

Local fans look forward to Sun-
day's game between the Browns and
the fast Forreston team with consid-
erable interest, as the Forreston
bunch is the strongest the Browns
have gone up against this season. A
week ago they romped away with a
game against the Freeport regulars,
and last Sunday they defeated Rock-
ford's best team with startling ease.
Ladies will be admitted free to Sun-
day's game and therefore the attend-
ance will be very large.

SIX MEN RULE NATION'S WEALTH

Half Dozen Direct the Poli-
cies of 100 N. Y. Banks,
Says Witness.

MAIN HEARING IS POSTPONED

Manager of Gotham's Clearing House
Gives Principal Evidence in Inves-
tigation of the "Money Trust"
Before Congressional Body.

New York, June 7.—Six men direct
outright the policies of nearly one
hundred of the largest banks and
other industrial institutions in New
York.

They are: Frank A. Vanderlip, pres-
ident of the National City bank;
James G. Cannon, president of the
Fourth National bank; Walter E.
Frew, president of the Corn Exchange
bank; Richard DeLafield, president of
the National Park bank; Otto T. Ban-
nard, president of the New York
Trust company; A. Barton Hepburn,
president of the New York clearing
house and chairman of the board of
the Chase National bank.

The five first named constitute the
membership of the clearing house
committee, that all powerful organiza-
tion, the New York Clearing House
association. It is the controlling body
of the clearing house. Mr. Hepburn is
a member of the committee ex-officio
by reason of his being president of
the clearing house association.

Committee Directs in Name Only.
This committee directs only in
name. Behind its members stand the
small group of financial giants who
constitute the money trust, now un-
der investigation by the committee
on banking and currency of the na-
tional house of representatives. Among
them are J. Pierpont Morgan, Thomas
F. Ryan, the Standard Oil inter-
ests and George F. Baker.

Under examination by Chief Coun-
sel Samuel Untermyer, William Sher-
er, for 20 years manager of the clear-
ing house, made admissions upon
which the foregoing assertions are
based. In New York before the
congressional subcommittee E. H.
Farrar, associate counsel, sat be-
tween Chairman Arsen Pujo of Louisi-
ana and Mr. Untermyer, and con-
ferred constantly with each during the
four hour hearing.

Power is Unlimited.
The New York clearing house is a
law unto itself. There is no legal check
on its great and extraordinary powers.
It actually issues gold and silver cer-
tificates in imitation of the paper cur-
rency of the country which is used by
the members of the association practi-
cally to increase the circulating me-
dium. In times of panic it issues
clearing house certificates at will to
brace up the credit of its members, or
such of them as it pleases, and other
financial institutions that may not be
members.

Main Hearing Is Postponed.

Before the taking of testimony was
begun Chairman Pujo read a state-
ment prepared by the committee and
counsel in executive session at the
Plaza hotel, asserting that after hear-
ings as to the operations of the New
York clearing house and stock ex-
change have been concluded in this
city next week, the committee will ad-
journ until fall. The reason assigned
for this determination was two-fold.
The committee perceived it to be not
desirable to carry on the investigation
in the "heat and excitement of a pres-
idential campaign." It also deems it
undisable to test its industrial
powers too far until the amendatory
legislation passed by the house and
now being held up in the senate shall
have been enacted into law and signed
by the president.

ANSWER THE CALL OF

"COME ON BACK HOME"
As a result of her enclosing letters
to her two brothers, George A. and E.
Bruce Will of York, Neb., in the
"Home Coming" envelopes, Mrs.
Charles A. Godfrey today received
word from them to the effect that
they and their wives would leave
York Saturday for Dixon and that
they will spend the week in this
city.

SOCIALIST MEETING.

W. E. Diebold will speak on the
subject of Socialism at Bejer's cor-
ner Saturday, June 8th at 7:30 p. m.
Mr. Diebold is from the Pacific Coast
where Socialism is advancing very
rapidly. He has been attending the
Socialist National convention and
will have something to say about the
convention and the coming cam-
paign.

Misses Eva and Catherine Ed-
wards of Amboy were visitors in Dix-
on yesterday.

ROSEWATER IS WINNER

Named Chairman of Republi-
can National Committee.

Elected Without Opposition—7 Com-
mitteemen of the 55 Absent—6
Represented by Proxies.

Chicago, June 7.—Victor Rosewater
of Nebraska was elected chairman of
the Republican national committee to
act until the adjournment of the con-
vention and the organization of the
new committee. Rosewater was elect-
ed without opposition.

By a vote of 13 to 39, a motion to
amend the rules to permit eight dele-
gates to second a roll call in place of
twenty was defeated.

Two representatives of each of the
recognized press associations will be
permitted to attend the meetings of
the committee at which contests are
considered. Individual newspaper
representatives will be barred.

With only seven of the fifty-five
members absent and six represented
by proxies, the committee began its
convention work at the Coliseum an-
nex. The committeemen posed for a
flashlight picture and then went into
executive session. Senator Dixon, the
Roosevelt manager, held the proxy of
Committeeman Flanagan of Nevada,
but did not use it.

Those absent were Simpson of
Maine, Capers of South Carolina,
Thorson of South Dakota, Brock of
Vermont, Perkins of Washington,
Pexton of Wyoming and Holstein of
Hawaii. Those represented by proxies
were Cavender of Colorado, Nagle
of Missouri, Marlow of Montana, Cade
of Oklahoma, Knight of California,
and Shackelford of Alaska.

Senator Dixon of Montana quelled
talk of a fight on Victor Rosewater
of Nebraska, for chairman, by per-
suading R. B. Howell to withdraw his
demand for Mr. Rosewater's seat.

WENDEROTH GETS BIG JOB

New Yorker Named to the Position of
United States Chief Architect.

Washington, June 7.—Oscar Wenderoth
of the firm of Carrere & Hastings
of New York, was selected by
Secretary MacVeach as supervising
architect of the treasury department
to succeed James Knox Taylor, who
resigned. He was formerly connected
with the supervising architect's of-
fice for six years. The new official
will assume his duties July 15.

BROOKLYN WIVES STRIKE

Protest Against High Meat Prices by
Smashing Plate Glass Windows.

New York, June 7.—Unable to long-
er leave it to the men, the housewives
of Brooklyn have gone on strike
against the high price of meat. They
began by smashing a plate glass win-
dow in one market and closing many
stores throughout Brooklyn and
Brownsville. It is expected that the
strike will come over to New York.

BOOSTER CLUB MEETS TONIGHT

CLUB THAT WORKED UP HOME
COMING WILL SURVEY FIELD
OF COMING ACTIVITIES—WOOD-
MAN PARADE THURSDAY EV-
ENING.

The Booster club will meet in ex-
ecutive session this evening at their
headquarters in the Shaw building
on East First street.

Minor details of the program will
be completed and the club members
will discuss Home Coming week in
general.

Woodmen Will Parade.

The Woodmen of Dixon have se-
lected Thursday night as theirs and
therefore, Thursday night will be
given over to that organization. The
lodge members are planning a parade
of the streets of the business portion
as their part of the program.

The Elks, who have selected Fri-
day night, will also parade Friday
evening.

The Woodmen are requested to
meet at their lodge rooms at 7 p. m.
on Thursday to take part in the even-
ing's program.

CLOSING OUT PLUMBING STOCK.

To be closed out at less than cost
tomorrow (Saturday) C. G. Smith &
Son's bankrupt stock. Miscellaneous
plumbing goods, sinks, faucets, pipe
and fittings, valves, paint, machine
oil, taps and dies, two thermostats,
etc., at C. G. Smith & Son's store. 1

Miss Minerva and William Green
Hill.

COL. HARRY S. NEW.

Nobody about the Coliseum in Chi-
cago is busier these days than Colonel
New, who is chairman of the commit-
tee on arrangements of the Republi-
can national convention.

FARMERS PICK, PLOW AND PLANT CORN

CORN IN ALL STAGES IS SEEN
IN COURSE OF A SHORT
DRIVE.

People from the country northeast
of Dixon who visited here yesterday
report an unusual condition in June,
in that while they were traveling a
few miles they saw people picking
corn, plowing corn, planting corn and
plowing for corn.

And the conditions existing in
that section are said to be duplicated
in many other parts of the country.
It is well known that a large num-
ber of farmers were unable to get all
of their corn in last winter, and the
wet spring has made it impossible to
pick it early this year. A scarcity of
good seed corn, together with many
failures in the first plantings, ac-
counts for the extreme lateness of
planting this year.

GRADUATION IN STEWART TONIGHT

COUNTY SUPERINTENDENT MIL-
LER AND ORCHESTRA LEFT
FOR EXERCISES.

County Superintendent L. W. Mil-
ler and Strong's orchestra left this
afternoon in an auto for Stewart,
where they will take part in the grad-
uating exercises of the Stewart high
school this evening. Prof. Miller will
deliver the address of the evening,
while the orchestra will play some
of their entertaining selections.

ALLOW US TO PRESENT THOSE OLD FAVORITES

Alex Bondi and wife, who furnish-
ed so much police court news a year
ago and who left the city for a time,
are back again—both in their old
home east of the city, and in the po-
lice courts. They broke into the legal
limelight last evening when Mrs.
Bondi had her husband arrested for
using extreme and masculine force
in asserting himself as lord of his
castle. Bondi admitted that he may
have been too strenuous and paid \$3
and costs to Justice Hanneken.

EUROPEAN SONG HIT

PUBLISHED TOMORROW
"Shouldst Thou See My Maiden
Fair" one of the most charming
songs in the famous operetta, "The
Duke of Luxembourg," will be publish-
ed by the Telegraph tomorrow after-
noon. This selection has been sung
all over Europe and it is expected to
make a big hit in this country; there-
fore the Telegraph readers will be
pleased to receive it in advance of
the regular publications.

BOY DROWNED TODAY

Warren Lally, drowned this after-
noon at 5 o'clock in Rock River.
It is thought another boy is also
drowned.

ENTIRE ATLANTIC FLEET FOR CUBA

Rebellion Spreading Rapidly—
May Need 20 Warships to
Suppress It.

KNOX OPPOSES USE OF ARMY

Effective Force of Marines Will Reach
12,000—Estenoz Heads 10,000
Troops—Gomez Suspends Con-
stitutional Guarantees.

Washington, June 7.—So rapid is
the spread of insurrection throughout
Cuba, and so little has been done by
the Gomez government, that officials
of the navy department expressed be-
lief here that the entire Atlantic fleet
of 20 battleships would be necessary
to suppress it. It is believed that or-
ders for a movement of the first and
second divisions, including eight bat-
tleships, will be issued within the next
few days.

Knox Opposes Use of Army.

Secretary Knox expressed himself
as being unalterably opposed to the
use of the army in Cuba, except in
extreme emergency. The naval estab-
lishment, including the marines, he
declares, will be able to meet the
situation.

The first battleship division, com-
posed entirely of dreadnaughts, will
be next to answer the call. It is in
command of Rear Admiral Ward and
includes the Florida, Delaware, Michi-
gan, Utah and North Dakota. This
division is the most powerful in the
United States navy.

The second division, in command of
Rear Admiral Winslow, will follow.
It includes the Louisiana, Kansas,
New Hampshire, South Carolina and
Vermont.

The battleship Virginia of the third
division is making minor repairs at
Boston and the Idaho of the fourth di-
vision at Philadelphia. These ships
will shortly join their sisters, making
the effective force 20 battleships, in
addition to the armored cruiser
Washington and the auxiliaries.

Can Land 12,000 Troops.

Allowing sufficient men aboard to
operate the ships, Rear Admiral
Charles E. Vreeland stated that each
one of the first-class units in the fleet
would be able to land 600, equipped
with three-inch field guns. This pro-
vides an effective fighting force of
12,000 men ready to take the field.

Rebel Force 10,000 Strong.

So rapidly is the insurrecto force
under General Estenoz increasing that
he now has an effective army of more
than 10,000 fully armed men in the
province of Oriente. In addition, he
is able to send forces sufficiently
strong to threaten both Santiago and
Guantanamo.

In Havana province the rebellion is
spreading with such alarming speed
that the entire Gomez army is kept
busy watching suspects.

In a message to the department of
state, President Gomez expresses ex-
treme satisfaction with the action of
the American government in hurrying
its forces into Cuba. He stated
that it will enable him to use his army
in the field.

Gomez Suspends Guarantees.

Havana, June 7.—President Gomez
issued a decree suspending the con-
stitutional guarantees throughout Cuba.
This places all of Cuba under martial
law.

President Gomez had been author-
ized by a bill passed by both houses
of congress to suspend the constitu-
tional guarantees. All captured ne-
gro insurgents will be dealt with sum-
marily by federals while the decree is
in force.

REMOVING BELL WIRES AND POLES

HOME PHONE LINEMEN COM-
PLETING ARDUOUS TASK—
MANY POLES WILL BE REMOV-
ED.

The line crew of the Dixon Home
Telephone company is rapidly com-
pleting the work of razing the old
Bell company's line and within a
short time the task will be com-
pleted. The many wires in the downtown
district have been taken down, and
the old poles on which they were
strung will be taken out. The result
will be a much improved appearance
of the business streets, as three to
five poles in each block will be re-
moved.

HERE FOR HOME COMING.

Joe Green of Marshall Field & Co.,
Chicago, is in Dixon to visit with his
mother, Mrs. Eliza Green, and to be
present for the Home Coming week.

SOCIAL HAPPENINGS

BIRTHDAY HOROSCOPES.

MAY 19, 20, 21, 22, 23, 24, 25

Have great possibilities and nature has lavished many gifts upon you; are a thinker, but often lack continuity of thought, purpose and affection. Poverty grinds you sadly, and unless you have enough to gratify your desires can be dismally unhappy. If a woman, are apt to be nervous and hysterical unless overcome in early life; if a man, careless in manner.

To Attend Graduation.

Misses Margaret and Mary Remmers of Chicago are in Dixon to visit their friend, Miss Katherine Beale.

For Mrs. Vaile.

Miss Ella Pratt entertained at dinner this evening for Mrs. Vaile, who is soon to leave her home here for a trip abroad.

Returned to Sterling Home.

Mrs. Wm. Randall and daughter, Miss Evelyn of Sterling, who have been visiting at the home of Mr. and Mrs. Harry Herbst in Dixon, returned home today.

School Picnic.

The Hazelwood school closed a very successful school year with Miss Mary E. Murphy as teacher, on Wednesday. Seventy-five friends, pupils and patrons gathered and held a picnic that day. J. E. Moyer furnished graphophone music after dinner which was much enjoyed. This is the third year Miss Murphy has taught the Hazelwood school and she has been most successful.

Gave Dinner.

Mr. and Mrs. Frank Heaton of the Chicago road entertained ten guests at dinner last evening in honor of their tenth wedding anniversary. The table decorations were in pink and white, roses, smilax and ferns. The evening was spent in music. The guests gave to Mr. and Mrs. Heaton a silver and crystal water set which is very beautiful and which the host and hostess appreciate very much. At a late hour the company dispersed, wishing Mr. and Mrs. Heaton many happy returns of their wedding anniversary.

Attend Annual Luncheon.

Mr. and Mrs. O. B. Dodge will go to Chicago tomorrow to attend the luncheon of the Central chapter of the John More association, to be given tomorrow.

Practice for Children's Day.

The children of the Baptist Sunday school are requested to meet at the church at 2:30 tomorrow afternoon to practice for Children's day exercises.

At Graybill Lodge.

Miss Squire and niece, Miss Lorraine Hopper, will spend next week at the Graybill lodge in Lowell park.

Middlers Give Dances.

The Middlers have arranged to give two dances during Homecoming week, at Rosbrook hall. They will be held on Tuesday and Thursday evenings.

EYEGLASSES RIDGE YOUR NOSE?

Must you remove them every so often and rub your nose to allay the feeling of soreness made by the nospiece? For as little as \$2.00 we can free you of this annoyance and fit your glasses with a mounting that will not irritate the skin nor pinch the nose. Its pressure is gentle, but firm, and holds fast on the principle of SUCTION.

FAMILY THEATRE

The two new acts at the Family, which opened last evening for the balance of the week, pleased all lovers of good dancing and instrumental numbers. Riley and the O'Neill Sisters have a singing and dancing act that is a whirlwind from start to finish and their work was especially pleasing.

Earl Jennings & Earl are both vocal and instrumental and one of the members gave selections on the violin and piano that proved him an artist of the late popular songs.

DEMENTTOWN

Only 26 days until the 1st of July. Which is another holiday.

Commissioner Van Ribber refuses to state whether he attended the carnival at Davenport while visiting there. He admits he had a good time however, and it probably can be surmised that he took in all the shows.

Another startling discovery has been made. Barney Hemmen uses red ink with which to write all his checks. Barney's scribe is a cross between Egyptian hieroglyphics and hen scratching and it is because of that fact that he uses the crimson ink. It makes his checks more easily read.

Our sympathies are tendered that young man who works in the wagon company's office who, with his family, went up the river yesterday afternoon for a fishing trip and after arriving at their destination found they had no bait. As a result the man of the party had to beat it back to town for some minnows.

One-eyed men will be charged half price for one of the shows to be put on during Home Coming week. And knowing the young ladies who are arranging for the show we have half a notion to go and have one of our lamps extracted.

LIGHTING PLANT

The mayor of Coal City in an open letter announces that Coal City operated a municipal lighting plant for a number of years and the plant was very costly to the city. The city sold the plant and applied the money elsewhere, and now the city is getting better and cheaper electric lights and the plant is not a bone of contention in city politics. The following is the text of the Coal City letter:

The municipal lighting plant of Coal City was sold:

Because after about fifteen years experience the much advertised something for nothing has failed to materialize.

The writer had exceptional opportunity to know something about a municipal plant, as I was electrician for five years, resigned, then was elected to the council, then as mayor. There are a hundred reasons why a city cannot operate an electric plant successfully. A few of the reasons are:

First. No small plant operated at night can produce electricity economically and if not run all night is as good as nothing.

Second. Because the management, usually without any previous business training, is changed every two years and even if business men are elected they will not devote the time necessary to understand what they are supposed to do.

Third. The operation and management of an electrical plant requires men specially trained and with something at stake, which is never the case in a municipal plant.

Fourth. The electrician usually in charge has duties to perform that exclude the first class, but he compares favorably with the committee having charge of him.

Fifth. Politics enter into the selection of the plant employees, meaning a change every election, of some of the employees. No political employee in my experience, can compare with a man working for a firm in efficiency. To sum it all up, suppose you had \$15,000 in a business. You had no experience yourself but you appointed eight citizens, also without experience, they to employ the necessary help, do the buying, etc. Remember, they are only paid to attend a meeting every two weeks, as they can devote only a few hours per week to see that the business they know nothing about is run properly. Such is municipal ownership. The plant at no time paid expenses, and was an absolute failure.

Respectfully submitted,
Signed: W. E. Somerville.

HIGHWAY NOTICE—PUBLIC LETTING OF CONTRACT.

Notice is hereby given that proposals will be received by the commissioners of highways of the Town of Nelson, County of Lee, State of Illinois, on the 15th day of June, A. D. 1912, for building and repairing certain roads with rock macadam as follows: Beginning at the culvert near the gate leading into the Lawson Buzzard residence in Nelson Township, Lee County, Illinois, and thence Easterly from said point a distance of Fifty (50) rods. Also beginning at the Easterly end of the present hard road East of the residence of George S. Ransom and thence Easterly to One Hundred (100) rods. Also beginning at the top of the hill about a Quarter of a mile West of the Godfrey farm residence and running thence Seventeen (17) rods West. Also beginning Fifteen (15) rods East from the top of said hill and running thence Easterly Thirty-three (33) rods. Also beginning at the mail boxes on said road near the Godfrey farm residence and thence Easterly a distance of Fifty (50) rods. Also beginning at the bridge about Ten (10) rods West of the Hill school house and running thence Easterly to the corner and thence Northerly Fifty (50) rods, that the same will be let by contract by public letting, to the lowest responsible bidder, at the hour of One o'clock p. m. at the Cook School House. The work to be completed by the First of November, A. D. 1912.

The amount and kind of work to be done according to plans and specifications now at the Town Clerk's office.

The commissioners reserve, the right to reject any and all bids.

TEACHING WOMEN TO FIT.

Mrs. Clara Brown Lyman, in the World's Work for May, gives it as her opinion that the reason there are so many restless, inefficient working women is a lack of proper school training. Many women lose the best years of their life, she says, floundering about at one thing or another, in a vain attempt to happen upon a place where they fit in. This place should be found for the girl while she is still in school. A number of educated women have realized this need already, and groups of them have arranged for some woman who has succeeded in her chosen profession to lecture before the high school girls once a week to tell them of the possibilities, the hardships, the requirements in her own particular field of work, so that they may hear, from women who have made the struggle, just what it means to succeed.

The experiment has been carried far enough to show at least that such a method forces girls to think what they want to make their life-work before they are actually thrust out into the world.

MOSQUITOES.

To clear a room of mosquitoes, take a piece of gum camphor about one-third the size of an egg and evaporate it over a lamp or candle, taking care that it does not ignite. Or burn a small amount of Persian powder on a saucer and close all the doors and windows to keep the fumes in the room.

Oil of pennyroyal left uncorked in a room at night, or applied to arms, neck or clothing, will often keep off mosquitoes. Oil of sassafras is even more effective and not only keeps the insects away, but relieves the sting of the bite. Oil of lavender is also good.

MILLIONS IN BUTTER.

Do you know that Illinois stands seventh in the list of butter producing states—Illinois, which stands so near the top in almost all lines of farm products?

That is the position given her by the census folk at Washington. She is seventh despite all her rich pasturage, vast territory and other advantages. Wisconsin, Iowa, Minnesota, Pennsylvania, Michigan and Ohio are ahead of her and there is not a single natural reason why any of them should be. The whole story is told in the fact that they have specialized in an industry which has been slighted in this state. We have been so busy raising corn that we have overlooked our chances as the leader in dairying.

Apparently it is worth our while to give this matter a little more attention. Now that we are going in for diversified farming, possibilities attending development of the dairying industry certainly must not be lost sight of.

WIVES, HERE'S 10 DON'T'S
FROM ROCKEFELLER'S PASTOR

Cleveland, O.—Put these up in your wife's mirror where she can see them every morning, said Rev. W. W. Bustard, Rockefeller's pastor, of the Euclid Avenue Baptist church, in introducing Ten Don'ts for Wives. They are:

1. Don't marry a man for a living but for love. Manhood without money is better than money without manhood.
2. Don't overdress nor underdress; common sense is sometimes better than style.
3. A wife with a hobble skirt and a husband with patched trousers make a poor pair. A woman can throw more out of a kitchen window with a spoon than a man can put in the cellar with a shovel.
4. Don't think the only way to run a house is to run away from it. It is wrong to go around lecturing other women how they should bring up children while you are neglecting your own.
5. Don't tell your troubles to your neighbors. They have enough of their own. Fight it out with your husband if it takes all summer.
6. Don't nag. The saloonkeeper is always glad to welcome your husband with a smile.
7. Don't try to get more out of a mirror more than you put into it. Nature's sunshine is better for a woman's beauty than man's powder and paints.
8. Don't make gamblers and drunkards out of your children by running whist parties for prizes and serving punch with a stick in it.
9. Don't forget to tell the truth, especially to the conductor about the age of your children. Honesty is worth more to him and to you than a nickel. A boy who is eight years old at home and six on the cars will very soon learn other things that are not so.
10. Don't forget that home is a woman's kingdom where she reigns as queen. To be the mother of a Lincoln Garfield or McKinley is to be mother of a prince.

Cows Tried for Murder.
Old documents of the middle ages tell us of numerous cases where animals were put on trial for serious offenses charged against them. For example, in 1370 three cows were tried for having killed a boy; the whole herd were arrested as accomplices. All were discharged but the guilty three, these being condemned to be executed. The sentence was pronounced by the duke of Burgundy.—Our Dumb Animals.

Daily Thought.
When there is order, there must be mind, and where there is mind, there must be a sense of justice.—A. Conan Doyle.

ARKANSAS IS FOR CLARK

Elect Eight Delegates With Half Vote
Each, for Speaker.

Little Rock, Ark., June 7.—The Ar-
kansas Democratic convention elected
eight delegates-at-large with a half
vote each to the Baltimore conven-
tion and instructed them for Champ
Clark for the presidential nomination.
The convention refused to embody in
its platform an endorsement of the so-
called "grandfather's clause." Judge
W. H. Kavanaugh of Little Rock was
chosen national committeeman.

APACHES NEAR FREEDOM

Washington, June 7.—The Apache
Indians held as prisoners of war at

Apaches to return to the Mescalero
Apache Indian reservation in New

Man's Ample Vocabulary.
It is claimed that the common hen is
not far behind the turkey in her vo-
cabulary. Furthermore, she is said
to be a much more fluent "talker" than
the rooster. Her cackle is used for
three different purposes, and each
cackle is different from the other
cackles. One she uses when seeking
a nest, or when calling for her mate;
one when she is frightened; and an-
other, of a triumphant sort, as she
flies from or to the nest.

Testimonial.
A grocer enjoys the unenviable no-
toriousness of selling the worst goods in
the district, but he has not recovered
from the shock he got the other day
when a little girl came into the shop
and said: "My ma sent me for two
pounds of your best tea to kill rats
with, and a pound of finest ham, and
mind and cut it in good thick slices,
for it is to sole and heel my dad's
boots."

HOW TO GET THIN.
If you wish to grow thin you must
regulate your diet. Eat meat only
once a day. You must avoid fat meat
and live principally on fish, poultry,
vegetables and fruit. Don't eat too
much rich pastry, sweets or starchy
foods. Drink tea and coffee without
milk and drink no water with your
meals. Exercise in the open air and
don't sleep more than seven hours a
night.

Miss Wilmsen of Pennsylvania,
Entered World at Same Time.

Norwich, Conn.—At a hearty party
given here recently at the home of
Mr. and Mrs. George Wyman Carroll
in honor of the fiancée of their only
child, George Wyman Carroll, Jr., Miss
Bertha Gertrude Wilmsen of Elkins
Park, Pa., it became known that the
couple had the same birthday, each
being 26.

The engagement, which was recent-
ly announced with a big party at the
home of Miss Wilmsen's parents, Mr.
and Mrs. Bernard Wilmsen, at Elkins
Park, is the result of a romantic meet-
ing at Saranac Lake, where Mr. Car-
roll was staying for his health. The
young lady is heiress to a large for-
tune, while young Carroll will inherit,
in addition to the money of his par-
ents, the colonial mansion and wealth
of his great-aunt, Miss Sarah E. Pope;
that of his bachelor uncle, Adams
Pope Carroll, and considerable left
him by his grandfather, the late Lu-
cius W. Carroll, and his great-grand-
father, Jonathan Pope, one of the pio-
ner cotton manufacturers and railroad
magnates of Connecticut.

The young man was prominent in
dramatic and athletic circles at
Brown university and also at St.
Paul's school, Garden City, class of
1904, and at the Holbrook Military
school at Ossining, N. Y., from which
he was graduated. He entered Brown
university in 1908.

The wedding will be celebrated at
Elkins Park.

CHOPS OFF HER FINGERS

Step-Father Maims Girl Who Supports
Him Because She Intended
to Wed.

New York.—Salvator Spino was con-
tent to let his step-daughter sit up
nights over shirtwaists brought home
from the sweatshop, so long as the
money she earned with her nimble fin-
gers went to him.

Recently she brought a young man
home with her, and told him they
were going to wed. The girl's fiancé,
who had picked a home for Antoin-
ette, told Spino that he had better get
a job, as in the future he would not
live from a woman's earnings.

"You'll never sew for a worthless
husband," cried the enraged man, and
he struck her hand with a hatchet,
chopping off all her fingers. He is
held without bail for felonious assault.

Fish Interests Scientists.
Berkeley, Cal.—The garpike, a pred-
atory fish of the Mississippi valley,
one of the most remarkable creatures
known to science for various reasons,
has been discovered to possess another
element of the unusual in a strange
gland in the head, which exists in no
other organism of the animal king-
dom and which has no known use.

It is something like the vermiform
appendix in human beings. Not so
much in structure is this so, but in
that it is apparently a vestige of evo-
lution.

The garpike is one of the few re-
mnants of a class of fishes which were
abundant in prehistoric ages.

Love at First Sight.
Think of it! "No such thing as
love at first sight!" Why, the idea
is preposterous! Every man who was
once a boy, and every woman who was
once a girl, can testify by personal
experience that there is such a thing
as love at first sight, and even the
recollection of it causes the oldest
hearts to flutter again. Every writer
of novels and every reader of them
can add to the testimony of love at
first sight.—Pittsburg Chronicle-Tele-
graph.

Most Powerful Poison.
The most powerful poison known is
reported to have been extracted by a
German chemist from the seeds of the
ricinus, the familiar castor oil plant,
and has been attracting much atten-
tion on account of its remarkable
properties. Its power is estimated to
be so great that a gram—about a third-
tieth of an ounce—would kill a mil-
lion and a half guinea pigs.

Reason for Sea Burial.
Sea captains and sailors, from su-
perstition founded upon good sense, do
not like to carry dead bodies aboard
their ships, burying at sea as soon as
possible all who die. In old days one
dead body infected with disease might
mean the death and destruction of all
men on the ship.

Ready.
The Rev. Mr. Gude—"Isn't there
some one here who will help us keep
up interest in the church?" Deacon
Tightwad (suddenly awakening—"I for
one am prepared to raise the rates
to eight per cent. on chattel mort-
gages if the other money lenders in
the congregation will co-operate."

Folly and Wisdom.
A fool always wants to shorten
space and time; a wise man wants to
lengthen both.—Ruskin.

REFLECTIONS OF A
BACHELOR GIRL
Marry a man of 20 and get a mas-
ter; marry a man of 30 and get a
critic; marry a man of 40 and get a
judge; marry a man of 50—and get
a collection of habits.
Nothing makes a wife so furious as
to wait up until midnight imagining
all sorts of terrible things have hap-
pened to her husband and then have
him come in perfectly safe, sound
and healthy.
All a girl needs in order to be an
ordinary man's ideal is the figure of
a Venus, the face of an houri, the
temper of a dove, the nerves of a
clam, the mind of a Shakespeare and
the income of a Hetty Green.
The Georgia man who was jilted
at the altar and remarked that he
was glad of it, merely proves the the-
ory that love is rapidly becoming as
painless as dentistry and surgery.
Alas! It is so much easier for a
husband and wife to quarrel about
religion than it is to put it into prac-
tice.
Nothing can shake woman's sub-
lime optimism; the oftener she mar-
ries the wrong man, the more faith
she seems to have that the next will
be the right one.
There appear to be but two paths
a man's heart nowadays—over the
footlights and across the office
desk.

Mustn't Go Too Far.
All the world loves a lover, provid-
ed he doesn't try to borrow money.
Watch for Miss Minerva and Wil-
liam Green Hill.

Exodus 20:1-6.

And God spake all these words, saying:

I am the Lord, thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me.

Thou shalt not make unto thee any graven image or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth.

Thou shalt not bow down thyself to them, nor serve them, for I the Lord thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me.

And shewing mercy unto thousands of them that love me, and keep my commandments.

THE BEND.

June 6.—Mr. and Mrs. Fred Gilbert and family of Palmyra were over Sunday visitors at the home of H. Warner.

After spending the week with their grandparents, Mr. and Mrs. Rhoads of Dixon, Paul and LeRoy Warner returned home Saturday.

Mrs. T. F. Rosbrook and daughter spent Friday in Sterling visiting friends.

Howard Featty is visiting his uncle and family.

Mrs. Fitts of Dakota is visiting her daughter, Mrs. A. Pinkerton.

Mrs. L. H. Hoff of Dixon recently spent several days with Mrs. Mary Heckman.

Mesdames Remmers, Prettiman and Pankhurst called at Seldom Inn Tuesday.

Amos Miller is wondering who took his lunch pail.

Miss Florence Miller, who is in Dakota, writes to friends that she is enjoying herself.

Vera Heckman of Sunnyside is visiting her grandmother.

Frank Byers and family entertained the Charles Stewart family last Sunday.

Dave Spencer of Stony Point was here recently.

Mrs. J. H. Bennett attended the party at her mother's on Tuesday evening.

T. F. Rosbrook, wife and daughter spent Sunday at the Stewart home.

Will Lennox and Frank Bishop were in these parts on business recently.

The K. B. Aid society met at the home of Mrs. George Williams Tuesday.

There were about 30 in attendance and an exceptionally fine time was reported. The next meeting will be held at Rosbrook's when a picnic will be held.

Robert Teachout bought cattle in this vicinity last week.

Aquilla Spencer of Beatrice, Neb. recently spent several days with the John Hettler family.

ILLINOIS HAS THAT MANY DESIRING AID FROM MILLION DOLLAR FUND.

One hundred and sixty counties in various states, thirty of them in Illinois, have made application through the crop development committee of the council of Grain Exchanges for a share of the Sears, Roebuck & Co. gift of \$1,000,000 for farm development.

There has been no distribution of the fund as yet, but many of the counties which have made application are now organizing to secure a share and will qualify to do so in the near future.

Peoria May Be First.

Probably the first to qualify and receive its share of the fund will be Peoria county. The Commercial club of Peoria has nearly completed its organization and during the Illinois state grain dealers' convention which will be held in Peoria next week the club will elect a ways and means committee and appoint a farm demonstrator. The club now has \$15,000 subscribed and the money will be devoted to farm development and to good roads.

Much interest is being manifested by farm publications throughout the country in the progress attained by the different counties and some of them have already asked for weekly reports.

Brewers to Give Aid.

Bert Ball, secretary of the crop development committee of the Council of Grain Exchanges, who has charge of the \$1,000,000 fund, is now in New York attending the United States Brewers Convention where the subject of farm development will come up for discussion. It is understood that the brewers are endeavoring to aid the various counties in qualifying for a share of the fund as far as possible.

Ancient Game Is Chess.

It is impossible to state just when and where chess was born. Back we may go in the ages, but we still find it existing. We see it painted on Egyptian vases, and we find it in the Chinese Books of Wisdom. It has been ascribed to all kinds of birthplaces, having been at times a mes a god. Nothing positive about it, yet the great- ities seem to point to its from the east.

Time When She Would Be Boss.

At a long row of seaside bathing rooms, an important young man walked up to the door of one of the compartments, and, knocking at the same, testily inquired: "When in thunder are you going to get those trousers on?" There was a faint giggle, and a merry voice replied: "When I get married, I suppose." The young man frowned. He had mistaken the door.—Exchange.

DECLARE BORDEN'S FIX PRICE OF MILK

WITNESS IN CHICAGO ASSERTS THAT BIG CONCERN CONTROLS PRICE.

When a subcommittee of the city council committee on the health department, which is investigating the milk question, concluded yesterday's session it was almost clearly established that Borden's Condensed Milk company has absolute control of the milk prices which prevail in the Chicago district.

This information was given the subcommittee by L. E. Ingalls, president and treasurer of Richmond-Smith company, which handles practically one-third of the milk shipped into Chicago from the various producing points within the Chicago milk producing area.

It was in defending his company that Mr. Ingalls admitted that the Borden concern fixes the prices which the dairymen receive for the products. He wanted to make it plain that his company did not charge but only slightly higher prices for milk than the price set by the Borden company.

Mr. Ingalls said: "Twice each year the Borden company makes a proposition to dairymen as to what it will pay for milk. The other milk dealers pay whatever price fixed by the Borden company."

"Suppose the Borden company forgot to set the price of milk," was the last question asked of Mr. Ingalls. "What do you suppose would happen?"

"The Borden company never forgets," replied the witness.

Dr. Gottfried Koehler, assistant to Dr. Young, declared that the Chicago office of the Borden company receives instructions from the New York office each year regarding milk prices.

RED FLAG OF SOCIALISM

AT MUSCATINE

The red flag of socialism floated over the Stars and Stripes form the socialist headquarters and provided the most sensational event to mark memorial day at Muscatine. Henry F. Bodman, a survivor of the war, accompanied by several other veterans, stormed the rooms occupied by the party and gained possession of the socialist banner. Bodman is a cripple who was forced to ride in the parade, but in his patriotic act of Thursday he displayed the agility of youth. The display of red flags occasioned a furore in this city.

ENGLISH ENTERPRISE

In health matters conservative England is making remarkable progress, as we gather from the Tribune editorials by Dr. Evans. The new insurance bill provides for a lecture bureau. The doctor adds:

There is another provision of interest. The bill creates local medical boards and gives them high power of adjusting funds. If a town has a high sick rate and an investigation shows it results from disregard of the requirements of health, the benefits under the national insurance act will be decreased and enough funds to maintain relief must be raised by local taxation.

For instance, if a town has a high sickness rate and it can be shown it is because of lack of provision for garbage disposal or a poor water supply or bad housing or any other condition showing a low sanitary standard, the local government must levy a tax to care for all sickness in excess of the average rate for the country at large.

There is nothing new about public lectures on preventive medicine. Indiana and Louisiana have developed this feature of health work to an unusual degree. Among city health departments Chicago leads in this particular.

WHAT DR. SPITZKA FINDS.

Dr. Spitzka is an expert who has been sitting up nights weighing and examining human brains and he has been giving to the medical profession the result of his labors. He has also furnished the general public with a lot of information concerning his researches.

For instance, the doctor has made some comparisons between the male and female brains as a basis for scientific deduction. The female brain is usually characterized by a smaller frontal lobe, he says, and from this fact he decides that women will never be man's equal in abstract mental conception.

This is the reason, perhaps, that you sometimes find a lazy husband discussing abstract problems at the corner grocery store while his wife is engaged in the concrete proposition of taking in washing to support him. The larger frontal lobe which makes for statesmanship also has to be nourished.

18th YEAR IN DIXON DR. PRETTYMAN

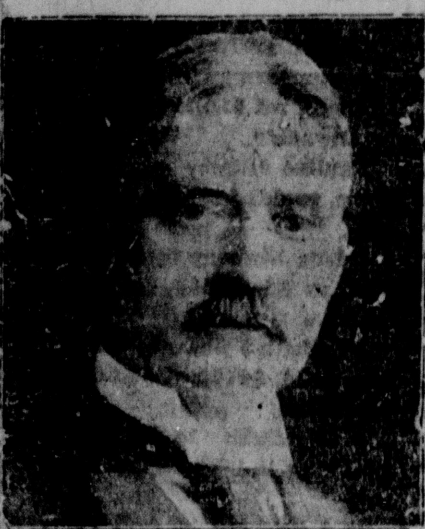

For over 17 years Dr. Prettyman has been coming to Dixon every four weeks. What he has accomplished in the time is a matter of history. Suffice it to say, it has made him a reputation that no other specialist has ever attained nor can hope to attain in this vicinity.

His Work Speaks for Itself

The doctor keeps abreast of the times by devoting all his spare time to clinical work in the Chicago hospitals. He is not content to rest on laurels already won but he is on the alert for anything and everything that will assist him in diagnosis and treating the many cases that come before him. In 1909 he had special work in hospitals of London and Edinburgh and is enthusiastic over the results attained.

You Can Depend Upon Him

Others can come and go but Dr. Prettyman continues his visits regularly and does as he agrees in every case. In employing him you are assured not only the best results but that he will be here for years to come.

Officers Show How Army Does Baking

WASHINGTON.—Improvements in present-day methods of baking bread in the field for the army over the methods of only a year or two ago were seen in a demonstration at the Washington barracks the other day, before a delegation of officials from the war department. Those present were Gen. Henry G. Sharp, commissary general of the United States army; Col. David L. Brainerd and Maj. Henry G. Cole.

One of the feats performed was the loading of an oven, capable of doing the cooking for a hundred and fifty soldiers, on a wagon in seven minutes and three seconds. This was about one-third of the time which a similar demonstration in oven packing had consumed two years ago, according to the officials.

No housewife or French chef could have turned out a better dinner or whiter, brown-crusted bread than did the cooks in the open air with their "take-down" ovens, in the opinion of the watchers.

Roast beef, that sent up a savory odor, onion gravy that tempted the palate, and strawberry shortcake, covered with delicious icing, were only a few of the things which were on the bill of fare. Capt. M. A. Elliott, Jr., who is in charge of the bakery at the barracks and who conducted the inspection, assured his visitors that no "frills" had been added for the occasion, but that it was an ordinary noonday meal.

The bakery at the barracks is known as field bakery No. 1, and comprises one-third of the entire cooking staff of the United States army. It has facilities for cooking for 19,000 men, although only about one-third of the facilities were in use. The corps there includes one officer and 65 men. This section also is a school for those who wish to become army cooks.

The demonstration included the use of the older clay ovens and the kind used in the Civil war, and down to the present day type, which can be knocked down in a few minutes ready for transportation in the army wagons.

In the school where the men are taught to cook are hung charts showing food values. Besides this there is an equipment of experimental apparatus, including an electrical oven, used in teaching them the scientific as well as the practical points in cooking.

Finds Huts Upon a Lonely Island

QUIDNUNC at Washington, those gentlemen who are always asking, "What now?" enjoyed a considerable thrill of mystery and curiosity in discussing the recent report of Rear Admiral Southland, who on board the West Virginia visited Palmyra Island and 51 of lesser islets, lying about 1,000 miles southwest of Honolulu, about 90 miles from Fanning Island.

The Palmyra group, says Chapin's News Letter, was proclaimed a part of Hawaii in 1882, but since it has appeared to the state department only recently that Great Britain had annexed them in 1889, Rear Admiral Southland was dispatched with the West Virginia to explore the group thoroughly and especially to search for any public monuments conflicting with the United States' claim to the islands. His report on this point is very clear and explicit, to wit: "The results are definite in making it clear that no flagpole, notice board, monuments or other surface objects indicating an endeavor to claim sovereignty on the part of any nation exists on this island." No living person was found in the archipelago, although bird life abounded.

The most mysterious find was a little settlement of three huts in a densely wooded slope of Islet 51, the presence of which was thoroughly screened from anything by the closest search. Two of the huts were roofed with corrugated iron and one with thatch, and there were stoves, tables, shelves, jars, bottles and other evidences of a continued occupation at no very distant period. One hut, with a new door and good lock, contained a large number of cedar cases of Oriental make, several of which had been labeled by pasting a slip of Japanese paper on the ends and writing over it. One case was thus labeled: "This case contains ammunition, May 7."

While there is no harbor at which a vessel might coal or a naval base be permanently established, the group could be used for the accumulation of supplies or the rendezvous of an expedition intended to carry out a design dependent for its success on secrecy.

Human "Goat" in Postal Department

A HUMAN "goat" was discovered the other day in the postoffice department. No, it was not Postmaster General Hitchcock.

John R. Rhoades is employed in the supply division of the department. It is the principal duty of Rhoades to nail together the large boxes filled with postal supplies for postmasters in every section of the country.

As is customary with those who are engaged in a similar task, Rhoades took up a mouthful of wire nails. By some unforeseen circumstance one of the nails escaped his fingers when it was about to be pulled from his mouth, and went down his throat.

He was choked for an instant. Then some of his co-workers called up an ambulance. They thought he would choke to death unless medical aid was rendered at once. The ambulance from the Providence hospital arrived and Rhoades was hurried to the institution. The physicians at Providence were especially busy when Rhoades arrived. He waited for half an hour. No one came to his assistance.

"I can't afford to wait any longer," declared Rhoades. "I will be choked if I stay away from the department any longer."

He left the hospital and returned to his work. The nail was still clinging to some part of his internal anatomy.

"How does it feel to have swallowed a nail?" Rhoades was asked.

"Well, I have swallowed many a fish bone, and I don't feel any other sensation than that created by taking into my system one of the small bones of a shad," he replied. "I can breathe all right, and feel absolutely no inconvenience, but I would like to have this nail removed. I waited long enough at the hospital today to have my appendix taken out, but apparently the physicians were too busy to attend to my case. I felt compelled to get back on the job, for postmasters all over the country are howling for their supplies."

Electrician Fries Eggs by Wireless

ELECTRICAL discharges of hundreds of volts, an electric globe burning without any wire connection, eggs frying by wireless, wireless telephony and telegraphy, and other electrical phenomena, and also wonders of liquid air, were demonstrated in a lecture by Professor L. H. Wood and Henry L. Transtrom, an electrical expert, at the Washington Foreign Mission seminary.

The electrical discharges were seen flashing in long spectral streams, which snapped and crackled like lightning. By changing the terminals, the flashes resembled small electric fountains. Mr. Transtrom, holding his hand near one of the terminals, received in his body a current of at least 200,000 volts without any injury.

A wonder to the audience was the frying of the egg without any visible power, but there was heard the sizzling and the low hum of the transmitter, which was not connected with the pan. Two hundred of the audience heard through the receiver of the wireless telephone a voice that came from

the transmitter in another part of the building. The auditorium being darkened while wireless telegraphy was demonstrated, it was illuminated by the brilliancy of the discharges, the noise of which was deafening. The lighting of a common incandescent globe by wireless followed. A hollow copper ball floating in a jar of water was rotated with great rapidity, and a heavy copper ring was suspended in midair, and then thrown upward several feet, also by wireless.

Professor Wood is a teacher of science in the seminary and Mr. Transtrom a student. Mr. Transtrom has constructed much wonderful electrical apparatus.

TAFT WINS TEST VOTE

REPUBLICAN NATIONAL COMMITTEE BEGINS ITS LABOR.

Victor Rosewater Elected Chairman Until Convention Adjourns—Hearing of Contest Starts.

Chicago, June 7.—With only seven of the fifty-five members absent and six represented by proxies, the Republican National committee began its convention work at the Coliseum annex.

Victor Rosewater of Nebraska was elected chairman to act until the adjournment of the convention and the organization of the new committee. Rosewater was elected without opposition.

The Taft men were shown to be in complete control when, by a vote of 13 to 3, a motion to amend the rules to permit eight delegates to second a roll call in place of twenty was defeated.

This was the first test of the relative strength of the Taft and Roosevelt forces and showed the president to control by 3 to 1.

The vote was not made public. Two representatives of each of the recognized press associations will be permitted to attend the meetings of the committee at which contests are considered. Individual newspaper representatives will be barred.

"Hearing of contests was begun today."

RECESS OCEAN TO MARRY

Two Young Women Survivors of Titanic Disaster to Have Double Wedding at London.

New York, June 7.—Sailing on the Celtic were the Misses Elizabeth and Clare Allen, daughters of James B. Allen, former mayor of St. Louis. The young women, who are survivors of the Titanic disaster, are recrossing the ocean for their double wedding in London on July 11. Miss Elizabeth is to marry Dr. J. B. Mennell and Miss Clare will join her fate with that of Prof. Charles Haskins of Harvard university.

The Misses Allen were coming to America on the Titanic to complete their trousseau.

As farmers in Canada are going broke and land prices tumbling no one will buy it. I have talked and advertised for ten years that only a third or less of either the Dakotas was good for farming and the good part of S. D. too high to buy. The last two crops show what is best. Cavalier county had crops in 1910 that paid for the land and also in 1911, 1912 promises much better and I will still give you a chance to pay for a farm with one crop. As an investment land here will pay better interest on \$100 an acre than land in Ill. at the prices it is selling at as there so much of the rent has to be paid out for taxes, improvements and insurance. Having been here over ten years I predict Hundred Dollar land here in five to seven years. The farmers here are buying it and they are making money faster than any other farmers in the world.

WORDS FROM HOME

STATEMENTS THAT MAY BE INVESTIGATED—TESTIMONY OF DIXON CITIZENS.

When a Dixon citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in faraway places do no command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Dixon resident. No stronger proof of merit can be had.

Julius Gottlieb, merchant, 418 W. First St., Dixon, Ill., says: "All I have previously said in praise of Doan's Kidney Pills holds good and I am glad to confirm my former statement. My back had been causing me considerable trouble and often it was so lame and sore that it was hard to bend over. The kidney action was irregular and I knew that my kidneys were disordered. Seeing Doan's Kidney Pills advertised, I got a supply at Leake Bros. Co.'s drug store and they did such good work that I can recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

INJURED WHALE TOWS SHIP
 Five Bombs Are Necessary to End the Life of a Mammal That Makes a Hard Struggle.

Houqum, Wash.—Bringing in a large cow whale, which put up one of the toughest fights ever experienced by whalers out of this port, the steamship Paterson arrived from a cruise down the coast. After the big mammal was harpooned she fought for five hours, several times threatening disaster to the whaling vessel, which got numerous hard bumps. It was finally necessary to fire five bombs before the whale was killed. During the early stages of the battle the whale, with a harpoon firmly imbedded in her flesh, dashed away northward with the whaling steamship in tow at a rate of 20 miles an hour.

While off the Columbia river, the crew of the Paterson witnessed a school of cod, pursued by fur seals and porpoises, almost filling the water with a solid mass of fish. Fully a thousand porpoises were in evidence, dashing about and often leaping ten or twelve feet from the water. The fur seal are on their way north to the rookeries of the Alaska peninsula.

The whale brought in by the Paterson is the tenth killed in thirty days. One other whale was shot on the cruise. The bomb killed the animal, but the harpoon failed to enter the flesh and the carcass sank. The whalers Paterson and Moran, now operating out of here, soon will be joined by the first of three new steam whalers being built at Seattle.

Falling Window Hags Boy.
 Charlottetown, P. E. I. — Harry Arbing, an 11-year-old boy, was killed here by a strange accident.

He went to his school to light the fire, and not having a key, stood a board against the side of the building and climbed to the window. The board slipped and the window came down on his neck, leaving him suspended there.

A neighbor noticed the boy hanging from the window and hastened to his rescue, but found he was dead.

REGAINS HIS SENSES

Man Lost Memory by Accident; Stroke Restores It.

Pittsburgher, Conscious of Identity Gone Seven Years, Recovers It Through Attack of Paralysis—Remembers Old Friends.

Pittsburgh, Pa.—Changed by an accident so greatly that he could not recognize family or friends or recall events of the 50 years of his life, Samuel Edleman has now, after seven years of the new mental existence, been switched back to the first by a paralytic stroke, and the seven year period is as greatly a blank as had been his first 50 years.

He has resumed at fifty-seven the trend of events as he knew them at fifty, and keeps his family busy telling him what manner of man he was during the intervening years. Edleman was a blacksmith's helper, when a piece of steel flew from under a hammer and penetrated his brain, destroying his memory. As many fever patients are obliged to learn to walk anew after leaving hospitals, Edleman was compelled to learn to use his brain a second time.

Edleman after the accident did not recognize his wife, his half grown children or his friends. He knew nothing of the blacksmith trade and nothing of the city in which he was born. But his mind was easily trained a second time, and his physical efficiency aided. He was set up in a shoe repairing business, earned fair sums, became a motorman, and during the last census was one of the enumerators. He made new friends, among them those who had known him before his injury, but he could not place their identities except as part of his new existence. It was absolutely impossible for him to realize that the woman and children who served him so devotedly were his wife and children.

There came a slight stroke of paralysis. He was in bed only a few days. It was warm weather. Edleman, who had been hurt seven years before in the winter time, sat up suddenly and demanded to know what had caused the change from such extreme cold to the beautiful spring day.

"And, Mary, how fat you are," he exclaimed. Mrs. Edleman had grown very stout during the seven years. Then Edleman's oldest daughter came in. She was a young woman and he did not recognize her at first.

Soon friends of his blacksmith days came in, summoned by Mrs. Edleman, and he recognized them instantly, but when a man with whom he had worked for two years for the street railroad entered Edleman did not know him.

Edleman inquired for his brother, and although he had attended the brother's funeral three years ago he refused to believe that brother was dead. Finally he began to wonder how he had conducted himself during the seven years. His wife assured him he had been upright and honest, and had made more money than ever before in his life. That phase of the second existence appealed to Edleman, and he conceived the idea of undergoing an operation in an endeavor to restore himself to that condition, but physicians convinced him of its impossibility.

Humility a Character Foundation.
 The parable of a man with a beam in his eye trying to pick a mote out of his brother's eye was a forcible method whereby the Master indicated the necessity of humility. Humility is a foundation virtue. The Latin word for humility is *humus*, ground. This implies that it is the soil out of which other virtues are produced. Those who think they know everything can learn nothing. How beautiful it is to realize that Jesus was humble and that all the holy angels are so!

Grapes Off a Bramble Bush.
 While the Scriptures forbid God's people to judge one another, they do commend to us another kind of judging. While not condemning the heart we are to judge of the outward conduct. The parable which our Lord in this lesson gives respecting the gathering of grapes from bramble bushes illustrates this point. God's people are likened to the grape-vine, which produces no thorns but luscious clusters of fruit. Mankind in general are likened to bramble bushes, ready to injure, on the slightest provocation, and are merely self-sustaining. We are to distinguish between such characters and God's people: "By their fruits shall ye know them."

It is said that at times a bramble bush is entirely covered by a vine so that the grapes appear to be coming from the bush. However, we are not to be mistaken. A good tree cannot bring forth evil fruitage, neither can an injurious tree bring forth good fruitage. The lesson is that those who are really God's people must be fruit-bearing else they are none of His.

It is therefore useless for any man to tell us that he has given his heart to the Lord in fullness of consecration and that he has received the sanctifying influences of the Holy Spirit and yet find him rejoicing in sin, taking pleasure in iniquity, in injustice, selfishness and a course of life injurious to his neighbors. If his heart be changed the results will be manifest in his daily life, because "out of the abundance of the heart the mouth speaketh."

The House on the Rock.
 This parable illustrates two classes of believers. Both bear the Great Teacher's instructions and believe and rear faith structures and entertain heavenly hopes. But the one is more prudent than the other. One seeks for the doctrines and principles of the Divine Word, and builds his faith structure thereupon. His faith, therefore, cannot fall whatever storms may assail.

The unwise believer builds upon the traditions of the elders, the creeds of the Dark Ages, etc. He fails to appreciate the necessity for having a proper foundation for faith and works. In the time of stress with which this Age will end all such will find the foundation swept away; they will thereby suffer great loss, though they themselves may be saved, as by fire—1 Corinthians III, 13-15.

THE SAVIOR'S TEACHINGS BROOKING TABERNACLE BIBLE STUDIES

A FAITH FOUNDATION NECESSARY.

Luke vi, 39-49—June 9.
 "Be ye doers of the Word and not hearers only, deceiving your own selves."—James 1, 24.

THE GREAT TEACHER in today's lesson emphasizes the necessity of knowledge and of a faith built thereupon. The blind leading the blind represent the ignorant leading the ignorant into difficulties.

The destination sought by the Jews was fellowship with and relationship to God—His highest favor, mentioned to Abraham, saying, "In thy Seed shall all the families of the earth be blessed." St. Paul says of that promise, "Israel hath not obtained that which he seeketh, but the election hath obtained it and the rest were blinded."

The entire Jewish race was blinded and turned aside and fell into the pit—into confusion, darkness, separation from God. This was the very matter against which Jesus forewarned them. How important that God's people recognize the true Leader, Jesus, and heed not the voice of others!

Alas! we find that many of the great and wise of the principal pulpits of the world are undermining faith by telling that the Bible is not Divinely inspired, that Moses and the Prophets did not write the books ascribed to them, and hence indirectly saying that Jesus and the Apostles were deceived when they made quotations from the Old Testament and ascribed them to Isaiah, Jeremiah, Moses, Habakkuk, etc.

These great men style themselves Higher Critics and endorse the theory that humanity is undergoing a process of evolution from monkey-likeness up to God-likeness. They are thus indirectly telling their people that there was no fall from God's image and likeness, that there was no sin committed, no sentence for sin, no Redeemer from sin and its sentence and that Restoration is not to be hoped for.—Acts

DOUGHERTY HAS CITIZENSHIP

Gov. Charles S. Deneen Restores Rights to Former City Superintendent and Treasurer of Peoria Schools.

Springfield, June 7.—Gov. Charles S. Deneen restored to full citizenship Newton C. Dougherty, former city superintendent of schools and treasurer of the public schools of Peoria for many years and also president of a bank there. Dougherty was sent to the state penitentiary at Joliet for embezzlement of the school funds. He was released on parole November 9, 1909, and on May 29 last the state board of pardons, sitting at Joliet, voted to release him from parole, the vote standing 2 to 1, it being understood that E. A. Stively of this city voted against the releasing of Dougherty from parole.

Attempt to Wreck Train.
Mount Vernon, June 7.—Joe Nicholas and Earl Heap, seventeen-year-old boys, are held to await the action of the Richland county grand jury for attempting to wreck a train on the Illinois Central. A pile of rocks and heavy timber was placed on the track at the approach of a trestle and the obstruction was hit by a freight train. They gave no reason for their action other than they wanted to see a smash-up.

Illinois Bankers Elect Officers.
Jacksonville, June 7.—At the sixth annual meeting of Group Eight of the Illinois Bankers' association, which is composed of the following counties: Adams, Greene, Morgan, Brown, Hancock, Pike, Cass, Jersey, Schuyler, Calhoun, Menard and Scott, held here, the following officers were elected: Chairman, J. L. Miller of West Point; vice-chairman, J. R. Pearce of Quincy; vice-chairman, T. S. Chapman of Jerseyville; secretary-treasurer, E. H. Kinney of Beardstown.

Son of Gypsy Chief to Wed.
Duquoin, June 7.—Nearly 100 gypsies are camped in the St. John's Grove, northeast of this city, representing the tribes of several states. The occasion of the encampment and attendant festivities is the announcement of the engagement of M. C. McMillan, son of Chief Stephen McMillan and Mary Nichols. The unique ceremony attracted hundreds of sightseers from this city and nearby towns.

Williamson Is Elks' Chief.
Joliet, June 7.—Thirty thousand people viewed the parade of the Illinois Elks. Chicago Heights was awarded first prize for having the largest percentage of members in line, 27 per cent. marched. At the executive sessions, Rock Island was awarded next year's gathering and Ralph M. Hamburger of Chicago was defeated by C. A. Williamson of Quincy for the Illinois presidency.

Normal School Diplomas to 137.
Bloomington, June 7.—One hundred and thirty-seven students were granted diplomas at the commencement exercises of the State Normal university. The class is the largest in the fifty-three years of the institution's history. Peleg R. Walker of Rockford, president of the state board of education, delivered the address.

Decatur Man Dies of Injuries.
Decatur, June 7.—Levi Harrod, fifty, well-to-do farmer, near Edinburg, died from injuries received when his auto turned over and went into the ditch near his home. Harrod in attempting to prevent the machine striking a dog made a sharp turn. He was found later under his machine by people passing.

Boy at Picnic Drowns.
Effingham, June 7.—Seized with cramps while swimming in the Wabash river, a mile west of Effingham, Aloysius Worman, fifteen-year-old son of Mr. and Mrs. A. J. Worman, was drowned. He had been with school companions at a picnic.

Flood Fight Cost \$50,000.
Cairo, June 7.—The fight Cairo put up against the flood in April cost the city over \$50,000. Most of the money was spent for labor and sand bags. The expense of the committee to Washington and Memphis are included.

Bloomington Man Dies Suddenly.
Bloomington, June 7.—Elias Bowden, member of the Maraca city council and board of education, died suddenly, aged seventy-two. One son, Edwin, and one sister, Mrs. Mattie Wells, both of Chicago, survive.

Played Truant a Year.
Elgin, June 7.—After buying a graduating outfit and presents for their son, Earl Midgely, his parents discovered he had not been in high school for more than a year.

Shannon Wins French Race.
Paris, June 7.—Shannon, owned by W. H. Duryea, won the Prix des Acacias of 25,000 francs at the Bois de Boulogne meeting. The distance was 2,400 meters. Six horses started. The winner was ridden by Jockey McGee.

Farmers' Biggest Money Maker

These are the very words one man used in telling us about his old reliable Saginaw Silo. He added: "If I was a farmer owning only 20 acres, even if I had to borrow the money, I would have a Saginaw Silo." The Saginaw preserves your silage perfectly—gives you, at one-half to one-fifth the old cost, an abundance of fresh-building ration for your fattening stock and the dairy cows all through the winter. The Saginaw is built to last for a lifetime. It is as solid as a mass of granite. It can never blow down. Come in and let us tell you about the Saginaw's patented Inner Anchoring Hoop and the All-Steel Door Frame. No one else allowed to use them. Let us also tell you about the wonderful
